While the operators were in the room together under Group Change 100, the station for the first 20 min (from 10:15 to 10:35) was in group 100. The group was then split, the 10 operators in the room were divided into two groups of five operators each. The operators in the room were then divided into two groups of five operators each. The operators in the room were then divided into two groups of five operators each.

100

There will also be a strong emphasis on the need to follow basic environmental best management practices. We encourage a maximum of 20% and no more of a total 100% concentration for funds to focus on the top 10% of the list.
